

CALL OFF NOTICE

The 3rd Asia Partnership Conference of Regenerative Medicine Associations (APACRM) has been cancelled due to COVID-19 concerns

We regret to announce that we are cancelling this year's APACRM planned to be held on April 9th, 2020 at Nihonbashi LSB, Tokyo due to COVID-19 concerns. Please accept our apologies we have tried all we can, but unfortunately, we have had to cancel the conference in the last minute.

The main theme of this year's APACRM was "Non-clinical data sharing". We will continue the Working Group (WG) activities for it. We wish we can discuss with you the interim outputs of the WG activities in autumn.

We look forward to your presence at the next meetings.
