

Info Sheet for Technical description

No. 0019

Organization

* Mandatory fields

Name of Organization*	Gaudi Clinical Co., Ltd.	
Address, City, States, Zip, Country*	Neo-Kawai Bldg 10F 4-8-15 Nihonbashi-Honcho, Chuo-ku, Tokyo, 103-0023, Japan	
URL	www.gaudi-clinical.co.jp	
Brief Descriptions of Organization* (Approx. 100 words)	Gaudi Clinical is a platform developer for the distribution of regenerative medicine. We establish decentralized logistics network close proximity to medical institutions to optimize transportation. Our contract manufacturing services are offered at appropriate prices, ensuring the production of safe, high-quality cells founded on technologies verified in academia. Beyond cell processing, we provide comprehensive support to medical institutions through regulatory compliance guidance, education and training for healthcare providers, and the systematic collection and analysis of treatment data. Our mission is to "bridge the last mile" in regenerative medicine delivery.	
Contact address	Name*	Hiroyuki Shibata
	Department* / Position	Representative Director, Chief Operating Officer
	E-mail* / TEL	hiroyuki.shibata@gaudi-clinical.co.jp / +81 3 3868 3577

What kind of technology do you want to offer? *

- ☒ **A.** Clinical Development Pipelines → Please see **Sheet [A]**
- ☒ **B.** Regenerative Medicine-related Consumables / Instruments / Materials / CDMO Services etc. → Please see **Sheet [B]**
- ☐ **C.** Platform Technologies(*) that are not included in the above (Group B) → Please see **Sheet [C]**
- * Peripheral technologies that contribute to a significant improvement in productivity throughout the value chain of pharmaceuticals, from research and development to manufacturing and ultimately market launch.

If you agree to the following, please check "Yes" below. *

The technologies introduced in this 'Info Sheet' are in the public domain, as they have been published in research papers or have related patent applications.

- ☒ Yes

Do you have any collaborations/partnerships with pharmaceutical companies?

- ☐ Yes
- ☒ No

If you have already received funding from VCs or other sources, up to which stage has the investment round progressed?

- ☐ Angel / Seed (including AMED/JST grants)
- ☐ Series A
- ☒ Series B
- ☐ Series C
- ☐ Series D or further advanced stages

Do you agree to leave your presentation materials at FIRM hands and entrust us to make use of them for the purpose of promoting your partnering opportunities? *

Options*	Comments
☒ Yes	
☐ No

Description*

"KiOSK" is a clean booth optimized for cell processing under the Act on the Safety of Regenerative Medicine. It is designed for easy installation, variable room pressure, and cost efficiency.

At Gaudi Clinical Co., Ltd., KiOSK serves as a core unit in our distributed logistics network, which consists of one central CPC and multiple satellite cell preparation centers. Drawing on our operational experience, we continuously strive to improve the system and explore new applications.

Key features of KiOSK include:

1. On-site assembly with no need for construction work
2. No requirement to restore the facility to its original state
3. Operates using a standard electrical outlet; no dedicated power source needed
4. Variable room pressure ranging from -5 Pa to +5 Pa
5. Cleanliness equivalent to ISO Class 8, with potential for higher levels depending on design
